From the Editors

“We’re at a doomsday time right now,” Lyndon LaRouche said in his weekly discussion with the LaRouchePAC Policy Committee Feb. 2. “That war can happen early, now—in the short term, this week, next week, in those terms.” LaRouche charged: “Obama is the author of global thermonuclear war!” The question is, once you face that reality, what must be done?

Our cover *Feature* this week highlights Helga Zepp-LaRouche’s leading role in not only raising the alarm, but presenting the full-blown solution to the crisis, in the form of the new world economic order being created by the BRICS. Her intervention in Copenhagen, Denmark, which we report here, caught the attention of the Russian official news agency TASS, which put out a wire entitled “Schiller Institute Leader Helga Zepp-LaRouche Calls for Uniting the Efforts of the European Union, the United States, and the BRICS.”

If Russia is paying attention, shouldn’t you be?

Obama’s blatant role as a tripwire for nuclear war, and the Russian response, is also featured at the conclusion of the lead package.

The cause for that hysterical drive for war is highlighted in our *Economics* section, both in the lead on Greece’s courageous challenge to the murderous trans-Atlantic system, and the backup by Economics editor Paul Gallagher, on how the current bankruptcy crisis was created. Gallagher highlights LaRouche’s forecasts and solutions, including the one required immediately.

Two other sections of the magazine provide necessary complements to his argument. First, the *National* lead on the LaRouche movement’s “Manhattan Project,” which is directly taking on Wall Street with organizing around Alexander Hamilton’s principle of physical economy. Second, our *Science* feature, “Forging Fusion: Physical, Chemical, Nuclear,” which addresses the deeper scientific principles which must be mastered in order to actually get out of the current crisis.

In our *International* section, we focus on the latest high-profile meeting of the leading nations of the BRICS—Russia, India, and China—which occurred in Beijing this week. Contrast their approach to long-range economic development, and mutual security, to the rantings about “punishment” of Russia, and hysterical lies about “recovery” coming from Obama, and you should get a very good idea of why we have to get Obama, and oligarchical forces he represents, out of power *now*, for our very own survival.
