

The British Monarchy & Hitler Today

by Lyndon LaRouche

Sept. 11—In the following report, historian Anton Chaitkin documents the personal complicity of the British Prince of Wales, Charles, in engagement with the type of crimes against humanity which the British monarchy has foisted, as a fraudulently alleged “health-care program” on its virtual puppet, U.S. President Barack Obama.

The crucially important point to be made, is that since the elevation of Britain’s Queen Victoria, as successor to the bankrupt British East India Company, and Empress, the British empire has been a continuation of what had been the imperial power and reach of the British East India Company, since the February 1763 Peace of Paris. That British monarchy has been a globally extended empire in the true sense of that term, and has been also the chief author of not only World Wars I and II, the author of Japan’s 1894-1945 warfare against such included nations as China, Korea, and Russia, and the co-author of the original early 1920s scheme for the British alliance with Japan for a planned Japan attack on the U.S. Pearl Harbor naval base which was actually carried out on December 7, 1941. It was this British monarchy which organized what became known as World War I and which had put Adolf Hitler and its policies into power in Germany through an operation run in January 1933.

It was British health-care policies, then, in September-October 1939, which are known today as both the genocide policies of the Hitler regime, and the policies, uttered from the London of former British Prime Minister and infamous liar Tony Blair, which are expressed as the pro-genocidal intention of the policies currently proposed by President Barack Obama (those who deny that fact, are either stupid, or lying). The policies underlying the Hitler- and Blair-like policies of the Obama Administration presently, are entirely creations of the British Empire under the current British Royal Family’s role as an empire of a British monetarist system, a system currently based on the root supplied by President Franklin Roosevelt’s chief Bretton Woods adver-

sary John Maynard Keynes.

The visible leading edge of the pro-genocidal, and drug-traffic-promoting policies of the current British imperial monarchy, is the pro-genocidal policies of population-control promoted under the umbrella of the British Prince Royal Consort Philip, and his son and putative heir to the British Throne, Prince Charles, the Prince Charles who harbors former U.S. Vice-President Al Gore as a virtual lackey-in-waiting. The World Wildlife Fund, its lackies, and the international drug-trafficking policies of Nazi-trained, British lackey-in-fact George Soros, are the center of the principal enemies of not only our own U.S. Federal Constitution today, but, also, of the welfare of humanity at large.

The charges which I have made against President Obama for his complicity-in-fact with those evil policies, have been moderated by the evidence which I have received which indicates that the President is not in full charge of his own intellectual faculties, but should be kept in office, if possible, under protected managed care, as if according to the Woodrow Wilson precedent.

The challenge to all our U.S. citizens, under these circumstances, is, simply, are you a patriot, and are you actually capable of acting as a patriot, especially if you hold Federal public office?
