ANDREW TORBA AND GAB ARE INTERLOCKED WITH ANTHONY FAUCI, WORLD ECONOMIC FORUM, BAIN CAPITAL AND NANOTECH BIOWARFARE GLOBALISTS

Andrews Torba, GAB, is interlocked with Anthony Fauci, World Economic Forum, Bain Capital & Mitt Romney nanotech biowarfare globalists

Andrew Torba graduated from [Riverside High School](#), a 3,500-student public school in Taylor, Pennsylvania south of Scranton in 2009. His brothers [Alexander](#) and [Zachary](#) were seniors at Riverside High School in 2018, presumably twins.

He enrolled in the Jesuit University of Scranton in the Fall of 2009 and in the first week of [June 2010](#) he was inducted into the Alpha Lambda Delta national honor society of freshman. This university costs approximately \$50,000 per year.

[On Feb. 07, 2010](#), Torba made the Dean's List in his first semester with a 3.5 or better GPA according to *The Times Leader* (Wilkes-Barre, PA).

[On Sep. 15, 2010](#), Torba received a "renewable" scholarship from the James F. Swift Scholarship Fund at the Scranton Area Foundation. PNC and Wells Fargo Banks are large donors. [Groups funded in 2020](#) include the Red Cross, Boys & Girls Clubs, Catholic Services, Planned Parenthood, various YMCAs, Salvation Army, PBS, NPR.

The Scranton Area Foundation chairman, [Ken Okrepkie](#), was adjunct faculty in the [entrepreneurship program](#) at the University of Scranton in which Torba minored.

Since 2008, Okrepkie has worked for [Ben Franklin Technology Partners](#) of NEPA. Ben Franklin is a seed capital investor that looks to globalist venture capitalists like Sequoia Capital, Kleiner Perkins and Accel Partners for their exits.

Ben Franklin Technology Partners invested twice in [Immunotope](#) sandwiched in between *two grants* from Anthony Fauci's National Institute of Allergy and Infectious Diseases (NIAID), UNDISCLOSED Grant in Jun. 2007 and \$598,000 in Jul. 2010.

On Jul. 12, 2010, Immunotope teamed with British-Oxford, UK-based Midatech Group.

[On Sep. 09, 2010](#), Torba received another James F. Swift Scholarship.

[On the same day, Sep. 09, 2010](#), Torba announced he was starting up "Kuhcoon" social media with eight employees as he began his senior year at University of Scranton.

Andrew Torba, center, a philosophy major with minors in entrepreneurship and political science, won the 10th Annual Great Valley Business Plan Competition (GVBPC) with his teammates Mike Toma, left, from Kings College and Charles Szymanski, right, from Drexel University. Their company, Kuhcoon LLC, an interactive social media management and growth service, is housed in the Scranton Enterprise Center. This year's GVBPC awarded \$100,000 in cash and in-kind support to two entrepreneurial teams. Those eligible to enter the competition include students from the region's 14 colleges and universities along with non-collegiate entrepreneurs. Torba, a Moosic native, will graduate in 2013 from the University of Scranton. .

On Jul. 24, 2012, Torba received another James F. Swift Scholarship to fund his senior year at the Jesuit University of Scranton.

On Nov. 11, 2012, Torba was the guest speaker at The Greater Scranton Chamber of Commerce.

On May 25, 2013, **Andrew Robert Torba graduated from the Jesuit University of Scranton with a major in philosophy and minors in entrepreneurship and political science.** Despite no background in technology, Torba was a regular columnist for the university's *The Aquinas* "Truthful | Tech" all four years. In other words, Torba was a Jesuit university groom.

Torba was being given contracts by his globalist handlers.

On Dec. 31, 2014, [Midatech Pharma PLC](#), a nanotech biotechnology specialist targeting diabetes, was founded by Torba-GAB's sponsor [Ken Okrepkie's Immunotope](#) company—UK partner of Anthony Fauci.

ABOUT MIDATECH

What we do

Midatech is a [nanomedicine group](#) of companies ("Midatech" or the "Group") focused on the development and commercialisation of multiple therapeutic products to enhance the delivery of medicines in major diseases with high unmet medical needs. These diseases include diabetes, certain cancers such as liver, ovarian and brain (glioblastoma) and certain neurological/ophthalmologic conditions. Many of these therapeutic areas represent multi-\$100 million or multi-\$billion markets. The Group's two platform technologies are designed to enable targeted delivery and sustained release of existing therapeutic drugs to the 'right place' at the 'right time'. The Group is not engaged in the discovery of new drug compounds and hence does not carry the same risk usually associated with the development of new pharmaceuticals.

The Group's core technology platform is based on a patented form of gold nanoparticles ("GNPs") that are developed to improve key parameters of existing and new drugs, target individual cell types with specific targeting agents and deliver a therapeutic payload in the cell, while ensuring this can be achieved safely. The Directors believe that GNP technology represents the latest generation of nanomedicine and the fastest growing sector within the nanomedicine market. To date, studies have demonstrated safety in the clinic.

Operational highlights

- [Acquisition of Q Chip Limited](#) bringing complementary technology and products, enabling sustained release over extended periods of time – December 2014

[Q Chip Ltd.](#)

GAB and Torba are interlocked with British Wellcome plc—a key funder of biowarfare, including the patent of holder of Coronavirus—the [Pirbright Institute \(UK\)](#). He is also interlocked through [Midatech director Michele Luzi](#), who works for **Mitt Romney's Bain Capital** and the **World Economic Forum**.

Midatech's chairman, Rolf Stahel, is interlocked with Fauci-co-conspirators including Wellcome plc (now GlaxoSmithKline plc)—a chronic co-funder of biowarfare with the Gates Foundation, Anthony Fauci's NIH, DARPA, the EU, the British Pilgrims Society, Rockefeller Foundation, and others.

Mr Stahel has approximately 40 years of experience in the pharmaceutical industry, of which around 20 years were spent at chief executive and board level in public companies listed in the United Kingdom, Switzerland and the United States and private life science companies registered in Europe, the United States and Asia. Mr Stahel joined Shire as chief executive in 1994 following a 27-year career at Wellcome plc (now GlaxoSmithKline plc). Mr Stahel is currently the non-executive chairman of Connexios Life Sciences Pvt Limited and Ergomed plc, and was previously the non-executive chairman of EUSA Pharma Inc., Cosmo Pharmaceuticals SpA, PowderMed Limited and Newron Pharmaceuticals SpA.

Michele Luzi

Non-Executive Director (57)

Mr Luzi is a partner in Bain & Company, based in the London office. He has recently led Bain's EMEA Telecommunications Technology Media Practice for seven years and he was a board director of Bain & Company Global between 2006 and 2009. He has been a member of the World Economic Forum Global Agenda Council and of the Web Foundation Advisory Board. Prior to joining Bain & Company, Mr Luzi worked in international management positions with Pirelli and also worked in Agusta and with the Italian Trade Commission. Mr Luzi earned his MBA from INSEAD and graduated in Economics, with Honours, from the University of Rome.

On Sep. 16, 2016, Torba locked in his “conservative,” “free speech” and “right-wing” persona. He claimed that an alleged Facebook whistleblower “pushed him over the edge” and motivated him to start GAB.

Here are all the trigger words included in this one article:

- political conservative
- blocked
- right-wing
- censoring content
- moral responsibility
- alt-right
- racist
- Donald Trump
- right political ideology
- hate speech

- private information
- removed permanently
- criticize the government
- abhorrent ideas
- First Amendment, simpler times
- real names
- online graffiti
- cesspool
- filters
- offensive terms
- block

FREE SPEECH OR A ‘CESSPOOL’?

Moosic native says his social network site is like a less-censored version of Twitter.

SUBMITTED PHOTO

Andrew Torba

BY TERRIE MORGAN-BESECKER
STAFF WRITER

A political conservative, Moosic native Andrew Torba has long believed Facebook and other social media giants blocked right-wing news content from their sites.

When the technology blog Gizmodo posted a story in May quoting an anonymous Facebook employee who admitted censoring content, it was all the proof Mr. Torba needed.

“That pushed me over the edge,” he said. “It got me

TOPIC OF THE Times

starting to think, something has to be done here.”

The 25-year-old internet entrepreneur got to work and within weeks created Gab, a social network that allows users to post virtually any type of content without fear of being barred or having their views censored.

“Folks are tired of trying to express their opinions online and have it suppressed,” Mr. Torba said in a phone inter-

view from San Mateo, California, where he moved two years ago. “I felt it was my moral responsibility to take on this problem.”

Launched Aug. 15, Gab is similar to Twitter. Users can post comments up to 300 characters in length. They can follow other users and be followed.

The network has 22,000 users. Another 55,000 people are on a wait list as Mr. Torba continues to work to expand his internet server’s capacity.

Please see GAB, Page A6

CONCLUSION: Now that you see the **EVIDENCE** that Gab is just another social media psyop run by a 'cardboard cutout' (poster boy) sponsored by Pilgrims Society operatives, you might read this recent email from Andrew Torba in a new light. It certainly looks like Gab is being used to gather and identify Christians and conservatives. Once identified, these groups can be targeted for harassment, censorship, removal, or worse.

THIS IS AN INFORMATION WAR AND GAB IS NOT ON THE SIDE OF CONSERVATIVES, CHRISTIANS, AND HUMANITY.

Andrew's recent letter:

GO AND BUILD: DIGITAL AND PHYSICAL SOVEREIGNTY

Below is additional research we uploaded on Torba and Gab this week:
