Obituary for Trevor L. Koehn

On the night of May 10, 2024, as the Northern lights danced and the clouds lifted, Trevor Leigh Koehn, of Harbor Beach, MI, was unexpectedly ushered into heaven. At only 52 years of age, his family, friends, and community are devastated.

To know Trevor, was to know his love and admiration for the love of his life, Juliann. High school sweethearts since 1987 and each other's first and only dates, they had a love not many are blessed enough to find. They had some amazing and memorable times together before children and after, and when they lost their only daughter, Faith Leigh, in 2002, they held on to each other as they endured a pain inconceivable to most. Surely Trevor is proving to be the most loving "Girl Dad" as he reunited with Faith.

Trevor has been a part of the [Harbor Beach Fire Department for more than 34 years](#), starting as a Cadet while still a teen and achieving the honorary rank of Captain or "Squad One". Trevor did not just volunteer to fight fires, he lived for the sound of the fire pager and was known to bolt from any location to answer the page. He shared his love of fire fighting with his eldest son, Nathan, and was even honored to fight fires alongside him for the last several years. It was wise to clear a path in the

Aspiring Allen firefighter goes into cardiac arrest

18-year-old Jakob Perez was completing an agility demonstration at Allen's Central Fire Station when he suddenly collapsed.

The paramedics performed life-saving measures, and Perez's pulse came back by the time he was at the hospital.

"They performed all the advanced procedures on the stairwell to the tower. It's just really amazing what they're able to do in such a small space and such quick time," said Boyd.

Perez is still in critical condition in the ICU, but he's making big strides in his recovery.

Since the incident, Chief Boyd and other members of the department visit Perez every day, and on Sunday, he was able to talk to them.

ALLEN, Texas - An aspiring firefighter is fighting for his life after suddenly going into cardiac arrest.

18-year-old Jakob Perez was completing an agility demonstration at Allen's Central Fire Station when he suddenly collapsed.

His family credits the quick actions of the paramedics with saving his life.

At just 18 years old, Jakob Perez knew he wanted to help people.

"He's just really big into helping his community, and he's always had this thing about being a hero," Crystal Hall, his sister, said.

Perez, whom his family calls JJ, believed the best way to do both was to become a firefighter.

The Allen High School grad enrolled in the Allen Fire Department's Citizen's Fire Academy, an 8-week course that gives people a chance to learn more about what the job of a firefighter entails.

"He was always excited to be here. Every day they had an activity, you know, he did practice putting out a car fire, practice tying knots, everything he did, he was just very excited and wanted to absorb as much as he could," said Jonathan Boyd, the fire chief of the Allen Fire Department.

On May 9th, the Citizen's Fire Academy held its awards ceremony, and part of the program included a demonstration of the physical ability test firefighters must perform.

Perez climbed to the fourth level of the tower and began to lift up a fire hose.

"I was here, and I happen to hear the hose fall on the ground. I look up, and I see JJ was on the ground," Boyd recalled.

The two paramedics next to him sprang into action and quickly realized this was something serious.

"We later found out that he had a, I think they called it a 'sudden cardiac death,' so he was actually gone before he ever hit the ground," said Hall.

May 4, 2024 – Moose Lake, MN – 60 year old Robert Hoffman died unexpectedly at his home on May 4, 2024.

ROBERT'S OBITUARY

Robert "Bob" Hoffmann, 60, Sturgeon Lake, died unexpectedly on Saturday, May 4, 2024 at his home. He was born on May 29, 1963 in New Hope to John (Jack) and Rose Hoffmann. Bob attended St. Raphael's Catholic School and later Totino Grace High School where he graduated in 1981. He attended college at North Hennepin, college in Moorhead, and later St. Cloud State University where he attained a degree in Graphic Design. On May 5, 1990, Bob married Gloria Appicelli in Barnum. Bob worked in the family hardware business while in high school in Golden Valley and after college started the family hardware store in Barnum and later in Moose Lake. He truly was the "Go To" man that was extremely handy and would go that extra mile to help that customer in need or offer some great helpful tips to complete a project. His desire to help also extended to the Moose Lake Fire Department where he passionately served for over 26 years and to the Moose Lake Hockey Association where he served as a coach for his kids and many others. He volunteered many hours at the rink doing "Learn to skate" coaching and flooding the outdoor rinks. All this lead to him earning the Earl Ellens Award for his dedication to the program. Bob also loved to play Softball on Monday Nights for ETC. He played for years and loved the team especially being able to play with his boys. He loved hunting in ND, fishing in Canada, gardening, and keeping up the family pool. One of his greatest loves was being with his family and he was an extremely proud Grandpa.

Bob was preceded in death by his parents: John "Jack" and Rose Hoffmann.

He will be lovingly remembered by his wife of 34 years: Gloria; three children: Hayden (Meghan Ryan) Hoffmann; Tyler (Katie) Hoffmann; and Hayley (Zebulon) Harju; six grandchildren: Sawyer, Nathan, Joseph, Henry, Warren, and Eleanor; 7 siblings: David (Nancy) Hoffmann; Kathleen Hinds; John (Joanne) Hoffmann; Rita (Terry) Bloom; Dale (Karel) Hoffmann; Margaret (Patrick) Hageman; and Ann (Timothy) Kraemer; sisters-in-law and brothers-in-law: Rachel Appicelli; Steve (Kim) Appicelli; Tom (Rita) Appicelli; John (Bridgette) Appicelli; Paul (Heidi) Appicelli; Christine Metetich; Mary (Dave) Patten; and Phil (Dawn) Appicelli; and numerous nieces, nephews, and friends.

April 25, 2024 - Rockland County, NY - 57 year old firefighter and school bus driver Matthew Duffy died suddenly on April 25, 2024.

Orangeburg Firefighter, School Bus Driver Dies Suddenly

Community members, firefighters, schoolchildren, friends, and family are "heartbroken" over the sudden passing of a popular Hudson Valley firefighter and school bus driver.

Rockland County resident Matthew M. Duffy, age 57, of Orangeburg, died on Thursday, April 25.

Duffy was the Deputy Director of Plant Facilities at Rockland Psychiatric Center for 37 years before retiring in 2021. After retirement, his obituary said that he worked for Peter Brega as a school bus driver for the Nyack school district.

He was an [active life member of the Orangeburg Fire Department](#) for 42 years and a member and current President of the Brookside Game Protective Association.

Duffy will be fondly remembered for finding the craziest, unique gifts (wiggly man, carved skulls) and funny Facebook memes. His obituary said he was always ready for adventures and fun.

He loved traveling and spending time with family and friends. He was also the kindest, warmest man with the sickest sense of humor. Matt was the solid rock you could rely on when things were going sideways, his obituary said.

Duffy was Tracie's husband (Bow) and the father of Samantha and Jordan.

He is survived by his loving siblings Owen (Christine), Maura Ryan (Glen), Alice Lynady (Neil), Kevin (Donna), and Hugh (Maria), sister-in-law Joan, Mother-in-law Dolores Bow, and brother-in-law James Bow, as well as beloved nieces and nephews Theresa, Catherine, Jennifer, Jessica, Conor, Aaron, Grace, Kaitlin, Bridget, and Emily.

John Norris Raisler, age 59, passed away suddenly and unexpectedly while training for this upcoming fire season. He was born to Warren and Dee Raisler on July 23, 1964, in [Bozeman, MT](#). He was joined by his brother, Randy, on July 6, 1965, who predeceased him.

John grew up all over the country on various ranches and graduated from the University of Arizona with a bachelor's degree in Agricultural Education in 1989. He moved to Plevna where he taught for 5 years before finishing his grades 7-12 teaching career in Fromberg in 1998. John was a proactive teacher as he designed several courses and initiated an agricultural exchange program between Russian and Montanan students in Fromberg. John loved to teach and spent the next roughly 26 years teaching fire courses to many individuals throughout Eastern Montana. He LOVED the Band of Brothers and Sisters! They shared a mutual respect and admiration for each other. John spent a total of 34 years in fire. He loved training others and found the Staff Rides very fulfilling because they applied the decisions made during historic battles toward modern firefighting tactics and leadership. Often, those same tactics bled into his parenting philosophies.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
