March 7, 2024 (above) – 39 year old Christine Marie Persson, nurse at Beaumont Wayne in Michigan, died on March 7, 2024 after being intubated for 2 months. ER nurse, nursing supervisor and now an ICU nurse, she fell ill, and ended up on a ventilator.

There aren't many details available other than this: "Christy started feeling ill months ago and has been unable to work due to multiple doctor's appointments, hospital admissions and dozens of tests. She was just starting to feel better, had finally returned to work and suddenly took a turn for the worse. She is now on a ventilator and fighting for her life in the very ICU where she takes such amazing care of her patients." "she has had 8 surgeries." "After a very courageous fight the past 2 months, Christine passed away peacefully on 3/7/24"

This is the most devastating news that I've ever had to share, but our beloved Kimberly M. Curry lost her courageous battle with breast cancer last night. Our boys, her family, and myself are deeply appreciative of the thoughts and prayers we have received during this fight. More details about a celebration of life will be shared as soon as possible. For now we would appreciate privacy as we mourn and learn how to move forward after losing such a beautiful angel. The world was a much better place with her in it. Love and peace to all. The Curry Family.

So I almost blew off my mammogram this year thinking, I don't have breast cancer in my family. Well I'm so glad I didn't! I have stage 2 triple negative breast cancer. Asking for prayers as I start this journey, chemotherapy then surgery coming. I'm posting so anyone that gives a second thought at 46 not to get there yearly please do, it means the difference between having a chance and no chance! ❤️ = with Tyler Curry and 2 others.

Apr. 18, 2024 - Australia - 38 year old Luke Lynch, singer, comedic theatre actor and veterinary nurse who cared deeply for animals died suddenly.

Rockdale Musical Society

April 22 at 4:29 PM · 🌐

...

Last week, we suffered a profound loss within our community. Luke Lynch, a cherished member, cast mate, and dear friend, left us unexpectedly.

Luke had recently graced our stage in our production of *Heathers* and was eagerly working on his role as Dick in our coming production of *9 to 5*.

Tragically, Luke passed away last Thursday, leaving a void that deeply affects not only the cast, crew, and production team of *9 to 5* but also the entire RMS community.

As we prepare for opening night of *9 to 5*, Luke's absence is and will be felt.

Our hearts and thoughts are with Luke's partner Dean, his family, friends, and with Luke himself, we also offer our deepest sympathies to all those whom Luke has impacted with his friendship, guidance, and humor. Rest peacefully, friend, forever cherished in our hearts and amidst the glow of the theater community.

Apr. 5, 2024 - AUSTRALIAN NURSE DEAD - 58 year old Australian nurse from Palm Beach, Colleen Hunter died suddenly in her sleep on April 5, 2024.

Mar. 29, 2024 – Manchester, UK – 35 year old Nurse Joanne Kelly presented with a cough and was found to have extensive bone metastases from an unknown primary cancer, only has weeks to live.

Joanne Kelly is pictured with her 13-year-old daughter Mia (Image: Men Media)

The nursery nurse has been planning her wedding with Chris Wright, her partner of 12 years, but the family, from Bury, Greater **Manchester**, are now rocked by the discovery. Joanne's 13-year-old daughter Mia said: "Mummy is so poorly she will not be able to win this fight."

Joanne had a cough and aches and pains throughout her body and, after several trips to her doctor, was admitted to Fairfield Hospital in Bury and had further tests at Royal Oldham Hospital.

Mum, 35, learns she only has few weeks left to live after cough turned into devastating diagnosis

Joanne Kelly, a nursery nurse from Bury, Greater Manchester, was told on Good Friday she has terminal cancer after the mother of one suffered with a persistent cough

By Imogen Clyde-Smith & Bradley Jolly
News Reporter
23.07.1 Apr 2024

A mother was told she may have only weeks to live – after her persistent cough turned out to be a sign of **cancer**.

Joanne Kelly, 35, was given the devastating diagnosis on Good Friday following extensive tests at hospital. Her secondary bone cancer – a cancer that has started in another part of the body and has spread to the bone via the bloodstream or lymph nodes – is terminal and may kill Joanne within weeks.

Mar. 28, 2024 – Bloomfield, NE – 32 year old Breanna Stanley, a Certified Nurse's Assistant, died unexpectedly on March 28, 2024 from a pulmonary embolism.

In Loving Memory

Breanna Stanley

September 20, 1991 - March 28, 2024

Funeral services for Breanna Stanley, age 32, of Bloomfield, Nebraska will be 1:00 p.m. Wednesday, April 3, 2024, at Brockhaus Funeral Home in Creighton, Nebraska. Reverend Jacob Bobby will officiate, with burial in Bloomfield City Cemetery.

Visitation will be Tuesday from 4:00 to 7:00 p.m. at the funeral home in Creighton.

Breanna Nicole Stanley passed away unexpectedly Thursday, March 28, 2024, from a **pulmonary embolism** at Clarkson Tower Hospital in Omaha, Nebraska.

Daughter of Mark Dawyne Stanley and Sheri Lynn (Ford) Stanley; Breanna is survived by her partner/love of her life, Andrew Sternberg; six children, Jace E. Stanley, AdeLynn G. Stanley, Emma K. Sternberg, Dean A. Sternberg, Aubrey A. Sternberg, and Jolene W. Sternberg; stepson, Hunter Sternberg; father, Mark Stanley; mother, Sheri Stanley; brother, Jacob T. Stanley; grandmother, Peggy J. Thoms; and numerous aunts, uncles, cousins, and friends that are considered family.

She was preceded in death by two children, Emma K. Sternberg and Dean A. Sternberg; her grandfathers, Claudie Lee Stanley, JR and William "Bill" Thoms; and grandmother, Linda K. Ford.

Breanna graduated from Klahowya High School in Seabeck Washington, with the class of 2009. She earned her Associate in Arts and Science in 2012 from Olympic College, Bremerton, WA.

She was a year-round athlete in high school where she played on the Volleyball team, Soccer team, Bowling team and Softball team. Her favorite sport was Softball, pitcher was her preferred position. Breanna played travel and tournament ball from 10 years old until she graduated from college.

Breanna left school and found a passion for helping people. She enjoyed working as a Certified Nurse's Assistant where she helped many patients and got to spend time with them on a personal level.

Her greatest joy in life was being a mother to her children. She always put caring for others first and loved living life surrounded by friends, family, and friends she just hadn't met yet.

Breanna was surrounded by her family when she passed. Her final act was donating her organs in the hopes of changing the lives of many others.

Mar. 25, 2024 – Cranbrook, BC BC and Alberta nurse 51 year old Renee Nadine Melenka Sauer died suddenly on March 25, 2024 from a brain aneurysm.

RENEE NADINE MELENKA (SAUER)

JUNE 26, 1972 - MARCH 25, 2024

Renee (Melenka) Sauer, beloved mother, daughter, sister, and dedicated Registered Nurse, passed away suddenly on March 25, 2024 due to a **brain aneurysm**. Renee leaves behind a legacy of compassion, advocacy, and unwavering love, especially for her children. Born on June 26, 1972, in Lethbridge, Alberta, Renee was raised in Lethbridge County attending Sunnyside and McNally Community Schools and later, St Joseph's Middle and Kate Andrew High School in Coaldale.

Professionally, Renee spent two years at Lethbridge College before joining Green Acres Animal Clinic. It was here that Renee fostered her love of animals and began her long legacy of rescuing as many animals as she possibly could. Following this, **Renee moved to Calgary where she trained as a Licensed Practical Nurse**. This career took her to Jasper, where she had the honour of providing care for an individual who suffered a spinal cord injury and was confined to a wheelchair as a quadriplegic to end of life. Renee's time in Jasper came to be remembered as among her happiest and Jasper her most beloved place. Renee later returned home to Lethbridge before moving to Cranbrook and Fernie where she worked in hospitals in both BC (Cranbrook and Fernie) and Alberta (Crowsnest Pass). Renee returned to BCIT where, with great pride, she fulfilled a goal of becoming a Registered Nurse. Her caring nature was legendary and exceptional skills were evident in the interactions with patients and colleagues alike. Whether providing comfort to those in pain or advocating for the most vulnerable, Renee approached her work with unwavering dedication and a profound sense of duty.

Mar. 20, 2024 – Jerusalem, AR – Nurse Lisa Hassell died on March 20, 2024 after a battle with cancer. She was extremely excited to get COVID-19 mRNA Vaccines.

In Memory of Lisa Hassell

Arkansas, 2024

On March 20th, our dear mother, Lisa Hassell, a retired registered nurse and servant of her community, peacefully passed away after bravely battling cancer. Her love, kindness, and selflessness touched countless lives, and her memory will forever be cherished.

Unfortunately, her sudden death has left some financial burdens,

Mar. 19, 2024 – Karen Houghton, Celebrity Kris Jenner’s younger sister who was a nurse, died suddenly from sudden cardiac arrhythmia and cardiac arrest

krisjenner • 4m

20,893 likes

krisjenner It is with the heaviest heart and deepest sadness that I share that my sister Karen passed away yesterday unexpectedly. My heart aches for my mom MJ and my niece Natalie and I pray that God guides us all through this difficult time. Karen was beautiful inside and out. She was the sweetest, kindest, the most sensitive and vulnerable and so so funny. She always felt grateful and thankful for her life and treasured her family and friends and especially her beautiful daughter. She holds such a huge part of my heart and I cherish every single memory we have together. Karen's passing is a reminder that life is so short and precious and tomorrow is never promised. We must tell those we cherish how much we love them. I love you my beautiful sister.

Dr. William Makis is a Canadian physician with expertise in Radiology, Oncology and Immunology. Governor General's Medal, University of Toronto Scholar. Author of 100+ peer-reviewed medical publications.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky’s book is a rock upon which to sustain our fight. —Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. —David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global

coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
