Young Paramedics and EMTs who were mandated COVID-19 Vaccines, continue to die suddenly. Here are 25 cases:

May 16, 2024 – Kildare, Ireland – Young paramedic Ross Murphy died suddenly on May 16, 2024

TRIBUTES are being paid to an "exceptional" paramedic after he died suddenly last week.

Ross Murphy, who worked for the National Ambulance Service, passed away in Beaumont [Hospital](#) last Tuesday.

Paramedic Ross Murphy died suddenly last week Credit: Rip.ie

Family, friends and colleagues from the National Ambulance Service said their final goodbyes to the [Kildare](#) man yesterday.

His funeral service was held at St Mary's Church in Maynooth and he was buried in Laraghbryan Cemetery.

Ross was remembered as a "kind, gentle and caring" young man.

The NAS Pipes and Drums band said they were "honoured" to lead the funeral cortege for Ross.

'PURE GENT' He was nearest to a saint' - One of Ireland's oldest citizens dies aged 107

Maynooth Scouts praised Ross for his life-saving work and volunteering.

They said: "It is with the deepest sadness we learned of the untimely passing of our own Ross Murphy.

"Ross grew up in Maynooth Scouts from a young child, eventually becoming an adult scouter, both here in Maynooth and then in Merchants Quay.

"We shared many adventures together through scouting activities both in Ireland and abroad and volunteering.

May 3, 2024 - Yuma, AZ - 27 year old Jason Huntley, paramedic, died suddenly on May 3, 2024.

Charles Woodford is organizing this fundraiser on behalf of Katherine Huntley.

Donation protected

Charles Woodford

Organizer
Yuma, AZ

Hello everyone, I am so sorry to inform you all that Jason Huntley has passed away as of May 3, 2024 at the young age of 27. Jason was the beloved baby of the family being the youngest out of his 2 siblings. Jason was a lovable character who always made others laugh, feel comfortable and brought joy. Jason was a public servant working as a Paramedic, placing other peoples needs before his own and always willing to help those in distress out. In honor of Jason's memory, we kindly ask for you support in donating to his GoFundMe. Your Donations will help alleviate the financial burden on his family during this difficult time. We appreciate any and all support and ask to keep Jason in your prayers.

Apr. 22, 2024 – Elk Garden – 47 year old Lena Michelle Stieringer Schell died suddenly at her home on April 22, 2024. She was an EMT.

Lena Michelle Stieringer Schell Obituary

Lena Michelle Stieringer Schell, 47, of Elk Garden died suddenly April 22nd at her home, from natural causes.

Born May 22, 1976, in Elkins, West Virginia, she was the daughter of the late Lonnie and Ruth Phillips Stieringer.

Lena was a graduate of Union Educational Complex in Mt. Storm, West Virginia. After high school, she enlisted in the United States Army and served with the Maryland National Guard, "Charlie Company", 58th Transportation Company in Oakland, Maryland. She retired from the National Guard after twenty years of service, which included two tours during the Iraq War. She was currently a student in the Paramedic program at Garrett County Community College and was preparing to graduate in two weeks as a Paramedic.

Lena was currently employed as an EMT at County Medical Transport of Maryland, and previously worked at various ambulance companies. She was a member of the Elk Garden Fire Dept. She was a dedicated woman to her Country, State and Ambulance career. She attended the Assembly of God in Elk Garden.

Apr. 9, 2024 – Boardman, OH – 59 year old EMT, Paramedic and LPN Stefanie Ann James, died unexpectedly on April 9, 2024.

BOARDMAN, Ohio (MyValleyTributes) – Stefanie Ann James, 59, of Boardman, Ohio, passed away unexpectedly of natural causes on Tuesday, April 9, 2024.

Ms. James was born February 18, 1965, in New Castle, the daughter of Beatrice "Bea" (Piccuta) and the late Alexander James.

| [Find obituaries from your high school](#) >

She was a 1983 graduate of [Union High School](#).

For 33 years, Stefanie worked at General Motors in Lordstown, Ohio. She began her career working on the assembly line and later became an EMT as the plant paramedic. She studied at Kent University to become a journeyman and later retired as a plant supervisor and team leader in 2018. She was very proud of all of the accomplishments she achieved during her 33 years at GM.

Stefanie started a new career attending Choffin School of Practical Nursing, Youngstown, Ohio and later became a licensed practical nurse, LPN. She worked at various facilities as a detox nurse.

She was always a giver and her strength was apparent in how she took care of everybody. Stefanie lived her life with a full heart and shared it fully with her loved ones and her adored animals.

Stefanie Ann added a new photo.

Kimberly Perkowski Obituary

Kimberly I. Perkowski, age 47, passed away after a brief battle with cancer on April 5, 2024, with her family by her side. She was born in Norwich, CT on May 16, 1976, to Henry and Judy (Sanborn) Perkowski Jr. Kim grew up in Yantic, CT and was a 1994 graduate of Norwich Free Academy. She received her bachelor's degree in 1998 from Eastern Connecticut State University in sports and leisure management.

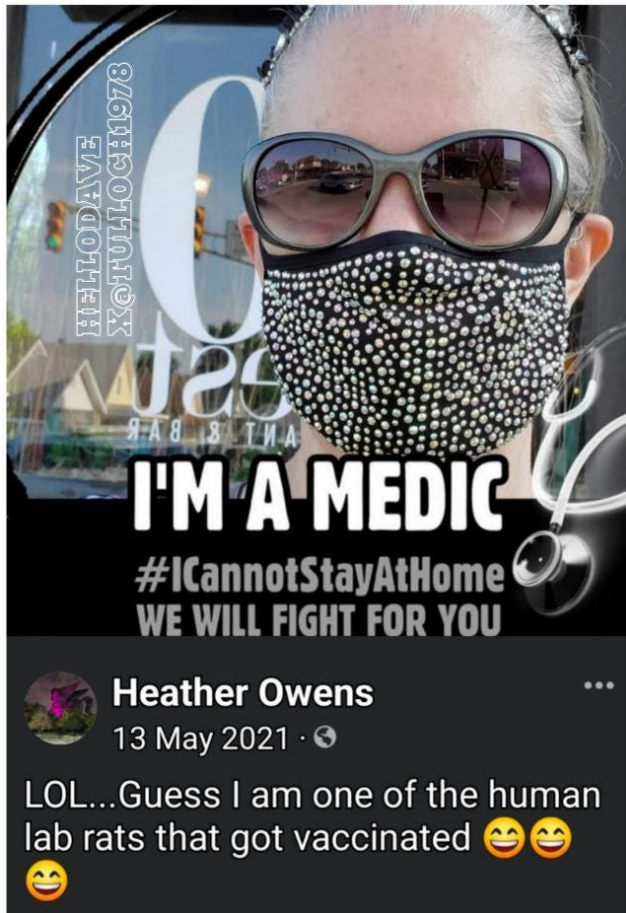

After graduating, always having a spirit for adventure, Kim moved to Maine to live in a cottage on Sebago Lake with a friend. While their time in the cottage was short, Kim remained in Maine living in Windham, Lewiston, and the Casco Bay area, finding work as a YMCA lifeguard, day care worker, and medical office assistant. It was in Maine that she started her training to become an EMT and volunteered for the Freeport Maine Fire Rescue.

Upon returning to CT her caring, compassionate nature and desire to help others led her to various jobs in the medical field. For the last 9 years, she found joy in working as the night shift unit secretary at the Middlesex Hospital Emergency Department where she had the honor of working with an amazing group of coworkers whom she considered friends and family.

Raised in a family of first responders (fire, EMS, and medical) she was called to serve her community. **Kim was an 18-year member of the Colchester Hayward Volunteer Fire Company as an EMT. A position that she loved.** She recently received a CPR chain of survival ribbon in October for a CPR save along with receiving EMT of the year for 2023.

Kim loved to travel and enjoyed exploring new places whether it was a day trip, weekend getaway or an excursion overseas. She especially loved to plan trips with her travel buddy Dianne. One year ago, she crossed another thing off her bucket list when her and Dianne traveled to Australia and New Zealand and climbed to the top of the Sydney Harbour

Mar. 25, 2024 – Hallandale Beach, FL – 47 year old paramedic Heather Lynn Owns died suddenly in her sleep on March 25, 2024. May, 2021: “LOL...Guess I am one of the human lab rats that got vaccinated”.

Patrick C. Cumming Obituary

Patrick Clarke Cumming, 23 of Princeton, Massachusetts passed away on March 17, 2024. A beloved son, brother, grandson, nephew, cousin and friend, Patrick's unexpected loss has shattered the hearts and lives of those who treasured this truly amazing young man and soldier.

Patrick was born in Boston, Massachusetts on August 16, 2000, to Robert and Melissa Cumming, who loved and cherished him more than any parents could and were shamelessly proud of all he accomplished in his short time on this earth. One of three children, Patrick and his twin brother Jack and older sister Megan grew up together in Princeton, attending Thomas Prince Elementary and Wachusett Regional High Schools. Patrick's childhood was filled with sports, including countless soccer and baseball teams, skiing endlessly at Wachusett Mountain, running track and cross-country, playing tennis, and rock-climbing. He also spent many summers on Martha's Vineyard (or "Grandma's Island", as it was known to the kids), where he enjoyed boating and the beach with his family and friends.

Patrick was an authentic, kindhearted, and giving soul who always put others first and would (literally) do anything for anyone. Whether volunteering in high school as a basketball coach for kids with special needs, delivering Christmas gifts to kids with the Princeton Fire Department, or driving to his grandmother's house 45 minutes away to carry a Christmas tree up the stairs, he was selfless in every way. His kind and gentle soul was especially visible in the way he cared for and adored his 15 year old lab, Bo. From buying a sweater for him in his old age, sleeping on the dog bed with him, sneaking him a steak tip, or lying in the hammock with him, nobody was closer to sweet Bo than Patrick.

While a junior in high school, Patrick began pursuing a career in emergency medical services and obtained his EMT-B certification and began working for the Princeton Fire Department during his senior year. During that same year and acting on a strong desire to serve our country, he enlisted in the Massachusetts Army National Guard as an Infantryman, under split-option enlistment, which sent him to Basic Combat Training at Fort Benning, Georgia during the summer before his senior year. After graduation from Wachusett where he received the Excellence in Health Partnerships Award, he returned to Fort Benning to complete Advanced Individual Training. In November of 2020, Patrick graduated from the Massachusetts Department of Fire Services

The Chief of the department regrets to announce the sudden passing of FF/EMT Patrick Cumming. Patrick was an active member with the PFD for the past 5 years. Patrick will always be remembered as an amazing FF/EMT and an even more amazing human being. We ask that you keep Patrick's family in your thoughts and prayers. Rest easy brother, we'll take it from here.

Mar. 12, 2024 - 34 year old EMT/Firefighter Ronald Drake Adams died of a heart attack hours after responding to an emergency call on March 12, 2024. He died in his home.

Ronald Drake Adams, age 34, of Elkfork, Kentucky passed away unexpectedly Tuesday, March 12, 2024 at his residence.

Mr. Adams was born June 12, 1989 in Dayton, Ohio a son of Linda Bethel Middleton (James) of Olive Hill, Kentucky and the late Bobby Ronald Adams.

Drake was of the Apostolic faith. He was employed as an EMT with Elliott County and KDMT. He was passionate about being a firefighter, EMT, he orchestrated 2 honor guard units. He was devoted and hardworking, his professionalism always shined through.

💔 A Kentucky firefighter dies in crash en route to escort an EMT's body to a funeral home. 💔

Just awful news out of Sandy Hook, in Elliot County, KY.

Supporting Heroes said EMT/Firefighter Ronald 'Drake' Adams (34) died of a heart attack Tuesday, hours after responding to an emergency call. Later that evening, Route 502 Volunteer Firefighter Frank Whitt (72) died in a crash involving his fire truck, while on the way to escort Adams to the funeral home.

Adams leaves behind a wife and 4 young children. He had been with Elliott County EMS for seven years. He previously served with Winchester (KY) Fire and EMS and Sandy Hook Fire & Rescue. He was also a current member of Route 504 Volunteer Fire Department.

Whitt is survived by a wife and two adult children. Both tragedies from Tuesday are considered line of duty deaths. **WHAS11 News**

Mar. 5, 2024 – Creek County, OK – 22 year old EMT Lauren Michelle Kerns died suddenly on March 5, 2024.

Creek County emergency responders mourn sudden loss of fellow EMT

Scott Martin Mar 8, 2024

Lauren Kerns Obituary

Obituary published on Legacy.com by Brumley-Mills Funeral Home - Mc Alester on Mar. 8, 2024.

Lauren Michéle Kerns, 22, departed this world on Tuesday, March 5th, 2024.

Lauren was born on November 13th, 2001 in [Rowlett, Texas](#) to David and Lorie Kerns. Moving to [Anna, Texas](#), at age five, Lauren spoke fondly of her youth. Most cherished memories were of time spent with family. All-time favorites were fishing and playing softball with her dad and learning to bake cookies with her mom.

In 2020, Lauren graduated from Anna High School. Following graduation, Lauren began EMT training at Emergency Medical Training Services, in [Carrollton, Texas](#). Receiving her national certification (NREMT), Lauren was quickly hired at Emergency Medical Services Authority (EMSA), in June of 2022. After working for EMSA, Lauren continued in the Emergency Medical Services field at Creek County EMS. [Throughout her tenure as an EMT](#), Lauren displayed skill and compassion-positively influencing the lives of many patients. Co-workers jumped at the opportunity to work with Lauren because of her passion, easy-going nature, and wit.

Feb. 14, 2024 -Santa Rosa, CA - Paramedic Ambrose Stevens collapsed with respiratory complications from a sinus infection "due to COVID" He was declared brain dead on Feb. 14, 2024.

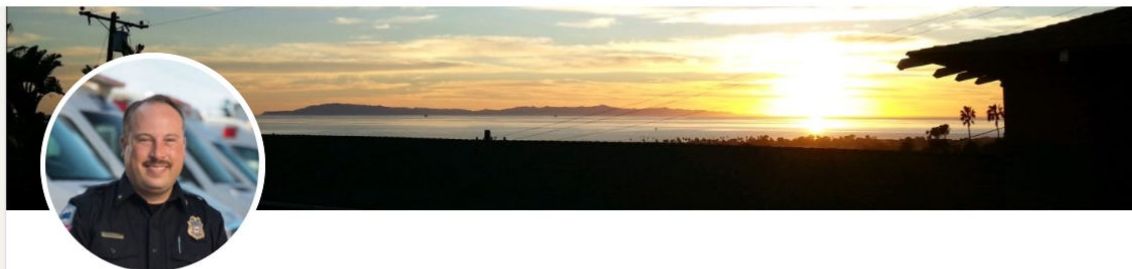

Colleen Jackson is organizing this fundraiser on behalf of Amber Stevens.

Donation protected

It is with a heavy heart that I am opening this fundraising effort for the Stevens Family as they are so suddenly and far too soon left to grieve the loss of their anchor, Ambrose Stevens.

On Monday evening, Ambrose collapsed after experiencing respiratory complications from a potential sinus infection due to Covid. The AMR crew was able to provide care and transfer him to the ER. However, Ambrose's brain was deprived of oxygen for too long and on 2/14 he was declared brain dead. As of 2/15 he is still on life support awaiting donor recipients so he can continue saving lives - even posthumously.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden “plandemic”; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that “there is no causal relationship between the

virus and economic variables.” In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –David Skripac

A reading of Chossudovsky’s book provides a comprehensive lesson in how there is a global coup d’état under way called “The Great Reset” that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it’s too late. You will not find so much valuable information and analysis in one place. –Edward Curtin
