[Big Tech's Effort to Silence Truth-tellers: Global Research Online Referral Campaign](#)

"The initial COVID-19 panic (and the ultimate economic shut-down that will kill small businesses) was no mistake; it wasn't an overly cautious WHO or Dr. Fauci that made the call in haste. The panic and over-reaction was planned and prepared for. Bill Gates (and his billionaire's club [the World Economic Forum]) held an exercise called "Event 201" in preparation for a coronavirus pandemic in which he calculated 33 million deaths would occur world-wide. Anthony Fauci also predicted a pandemic would happen while Donald Trump was president.

We see the actions of the WHO, Fauci, and Bill Gates – who somehow is the go-to authority on SARS COV 2 having never taken a medical course in his life. Laugh all you want but this is the New World Order attempting to take over.

And they can do it. They own the media, even FOX. They even own two of the major news outlets, Reuters and the AP. They have created a false reality in which anyone that questions what they are doing is labeled a conspiracy theorist. There IS a conspiracy and you are witnessing it right now. This makes no sense at all unless you factor in an active conspiracy of disinformation and lies."

– An anonymous respondent, reacting to an important [Tony Robbins video](#) (that interviewed

a handful of highly-qualified health experts who never get interviewed by Mainstream Media journalists, whose narrative, though false, misleading and corporate-controlled, appears to be sacrosanct.)

“The Gates Foundation and the National Institute of Allergy and Infectious Diseases (NIAID), a part of the NIH, are both currently exploring gene-based treatments for HIV, together with other therapies ... This collaboration is an ambitious step forward, harnessing the most cutting-edge scientific tools and NIH’s sizable global HIV research infrastructure to one day deliver a cure and end the global HIV pandemic.”

— NIAID director Anthony S. Fauci, MD

“Bill Gates wants the entire population vaccinated with a new mRNA-based COVID19 vaccine, and he wants the lock downs to continue until this vaccine is developed. Once it is developed, only those who have a COVID19 vaccine certificate will be allowed to travel.”

— Brian Shilhavy, Editor, [Health Impact News](#)

“Moderna dispatched vaccine vials to the National Institute of Allergy and Infectious Diseases (NIAID) in Bethesda, Md. The NIAID clinic aims to test the vaccine on about 20 to 25 healthy volunteers by late April (2020). The goal of the study will be to see if two doses of the vaccine are safe and produce a response in the immune system to fight off COVID-19 infection.”

— NIAID Director Dr. Anthony Fauci, commenting on the unprecedented speed at which a potential vaccine for a global disease outbreak could be created.

“Deborah Birx sits on the Board of The Global Fund, which is heavily funded by Bill Gates’ organizational network ... The Bill and Melinda Gates Foundation gave The Global Fund a \$750 million promissory note in 2012.”

— Journalist Jordan Schactel

“The Bill & Melinda Gates Foundation is a key partner of the Global Fund, providing cash contributions, actively participating on its board and committees, and supporting the Global Fund’s advocacy, communications and fundraising efforts. The Gates Foundation has contributed US\$2.24 billion to the Global Fund to date, and pledged US\$760 million for the Global Fund’s Sixth Replenishment, covering 2020-2022.”

– From the Global Fund’s website

“The media hacks who push the pro-vaccine propaganda and hide the truth are complicit in crimes against humanity...The entire vaccine machine is built on lies of omission and fraudulent science. billions of dollars are quietly paid out by NVICP to vaccine injured people, but the overwhelming majority of vaccine injuries are never reported. Of the thousands that are reported, only a tiny few are compensated. Therefore, the real amounts that should have been paid out to vaccine injured people is in the trillions.”

– Dr William Christenson

“Fewer than 1% of vaccine adverse events are reported. The CDC’s entire vaccination propaganda campaign rests on their claim that side effects from vaccination are

exceedingly rare, but according to the blatantly pro-over-vaccination, and Big Pharma-funded CDC, in 2016 alone, VAERS received 59,117 vaccine adverse event reports. Among those reports were 432 vaccine-related deaths, 1,091 permanent vaccine-related disabilities, 4,132 vaccine-related hospitalizations, and 10,274 vaccine-related emergency room visits. What if these numbers actually represent less than 1% of the total as this report asserts? You multiply those numbers by 100."

– William Christenson

"The second point I could make is that in relationship to aluminum, being a nephrologist for a long time, is the potential for aluminum and central nervous system toxicity was well established by dialysis data. To think there isn't some possible problem here is unreal."

— Dr. Weil (Pediatrician representing the Committee on Environmental Health of the Academy, testifying at the CDC's infamous Simpsonwood conference – 2000)

"Aluminum and mercury are often simultaneously administered (ie, injected intramuscularly) to infants ... However ... there is absolutely no data, including animal data, about the potential for synergy, additivity, or antagonism ... from the simultaneous exposure to these two (metallic) salts in vaccines."

– Dr Walt Ornstein (testifying at the Global Vaccine Safety Summit 2019)

"... vaccines like DPT contain the neurotoxin aluminum!! This vaccine adjuvant is causing huge problems ... especially in vaccines such as Gardasil 9, which has the highest levels of aluminum of any vaccine. But research into its toxic effects is being suppressed. Professor Chris Exley, who is the World Expert in aluminum toxicity in living organisms, has found the link between aluminum adjuvants and autism, MS (multiple sclerosis), CFS (chronic fatigue syndrome), Alzheimer's dementia (AD) and other chronic conditions. Exley's research funding has dried up. 'They' don't want you to know that aluminum (in vaccines) is harmful and has never been tested for safety"

– Angio Svizzera

"Our very great concern is that children worldwide are being exposed to unrecognised toxic chemicals that are silently eroding intelligence and causing disrupting behaviours, truncating future achievements, and damaging societies, perhaps most seriously in developing countries."

– Philippe Grandjean, MD, MPH

"Safety testing, which typically requires months and years for other medical products, often lasts only a few days with vaccines – not nearly long enough to spot cancers or chronic conditions like autoimmune disease (e.g. juvenile diabetes, rheumatoid arthritis, multiple sclerosis), allergic illnesses (e.g. food allergies, allergic rhinitis, eczema, asthma), or neurological and neurodevelopmental injuries (e.g. ADD, ADHD, narcolepsy, epilepsy, seizure disorders, and autism). Vaccine manufacturer's vaccine inserts that accompany every vial of mandated vaccines include warnings about these and over 400 other injuries including many serious immune, neurological, and chronic illnesses for which FDA suspects that vaccines may be the cause."

– Robert F. Kennedy, Jr

"Many of these illnesses became epidemic in American children after 1986, coterminous with the exploding vaccine schedule. For American kids born in 1986, only 12.8% had chronic diseases. That number has grown to 54% among the vaccine generation (those born after 1986) in lockstep with the expanding schedule."

– Robert F. Kennedy, Jr

"The children who comprise this vaccine-injured generation are now aging out of schools that needed to build quiet rooms and autism wings, install wobble chairs, hire security guards and hike special ed spending to 25% to accommodate them. They are landing on the social safety net which they threaten to sink. ... The good news for Big Pharma, of course, is that many of these vaccine-injured children have lifelong dependencies on unaffordable blockbuster drugs like insulin, Adderall, anti-psychotic drugs, Epi-Pens, asthma inhalers, and diabetes, arthritis, and anti-seizure meds made by the same companies that made the vaccines."

– Robert F. Kennedy, Jr

"An overwhelming majority of the FDA officials directly charged with licensing vaccines, and the CDC officials who effectively mandate them for children, have personal financial entanglements with vaccine manufacturers. These 'public servants' are often shareholders in, grant recipients from, and/or paid consultants to vaccine manufacturers, and, occasionally, even patent holders of the very vaccines they vote to approve. Those conflicts of interest motivate them to recommend ever more vaccines with minimal support from evidence-based science"

– Robert F. Kennedy, Jr.

"The FDA receives 45% of its annual budget from the pharmaceutical industry. The World Health Organization (WHO) gets roughly half its budget from private sources, including Pharma and its allied foundations. And the CDC, frankly, is a vaccine company; it owns 56 vaccine patents and buys and distributes \$4.6 billion in vaccines annually through the Vaccines for Children program, which is over 40% of its total budget."

— Robert F. Kennedy, Jr

"The HHS (US Health and Human Services partners with vaccine makers to develop, approve, recommend, and pass mandates for new products and then shares profits from vaccine sales. HHS employees can personally collect up to \$150,000 annually in royalties for products they work on. For example, key HHS officials collect money on every sale of Merck's controversial HPV vaccine Gardasil, which also yields tens of millions annually for the agency in patent royalties."

— Robert F. Kennedy, Jr

"In 1986, Congress—awash in Pharma money (the pharmaceutical industry is number one for both political campaign contributions and lobbying spending on legislators over the past 20 years) enacted a law granting vaccine makers blanket immunity from liability for injuries caused by vaccines. The subsequent gold rush by pharmaceutical companies boosted the number of recommended inoculations from twelve shots of five vaccines in 1986 to 54 shots of 13 vaccines today. A billion-dollar sideline grew into the \$50 billion vaccine industry behemoth."

— Robert F. Kennedy, Jr

"Since vaccines are liability-free – and effectively compulsory to a captive market of 76 million children – there is meager market incentive for companies to make them safe. The public must rely on the moral scruples of Merck, GlaxoSmithKline, Sanofi, and Pfizer. But these companies have a long history of operating recklessly and dishonestly, even with (the many drug) products for which they can be sued for injuries. The four companies that make virtually all of the recommended vaccines are all convicted felons. Collectively they have paid over \$35 billion since 2009 for defrauding regulators, lying to and bribing government officials and physicians, falsifying science, and leaving a trail of (incurable chronic illnesses) injuries and deaths from products they knew to be dangerous and still sold under pretense of safety and efficacy."

– Robert F. Kennedy, Jr

"The CDC takes funding from industry... It is outrageous that industry is apparently allowed to punish the CDC if the agency conducts research that has potential to cut into profits."

— Jerome R. Hoffman, MD, UCLA Professor of Medicine

"...there is no data that shows that vaccines only have protective effects. It is time to change our perception of vaccines. Vaccines are not merely a protective tool against a specific disease, they affect the immune system broadly. In spite of protecting against the diseases, DTP-vaccinated children had fivefold higher mortality than children who didn't receive the vaccine."

— Dr. C. Stabell Benn, M.D. Ph.D. Professor in Global Health University of Southern Denmark

"The medical profession is being bought by the pharmaceutical (and vaccine) industry, not only in terms of the practice of medicine, but also in terms of teaching and research. The academic institutions of this country are allowing themselves to be the paid agents of the pharmaceutical industry. I think it's disgraceful."

– Arnold Seymour Relman, MD (1923-2014), Harvard Professor of Medicine and former Editor-in-Chief of the *New England Journal of Medicine*

"The American Academy of Pediatrics derives a majority of its outside contributions – estimated at more than \$25 million per year – from pharmaceutical companies that make vaccines. The pediatricians that the AAP represents derive the majority of their annual revenues from the administration of vaccines to their pediatric patients."

— J.B. Handley

"The majority of studies that authorities point to as proof that vaccines do not cause autism have been published in a journal called Pediatrics, the official journal of the American Academy of Pediatrics. As we know, the AAP is a trade union for pediatricians."

– J.B. Handley

"You'd be amazed at the number of physicians who don't know what's in a vaccine. They'll say, well, there's the bacteria, the virus you want to vaccinate against, and then there's a little immune stimulant in there to help stimulate the immunity so they react against those

viral antigens. They don't know about these other chemicals in there like aluminum, mercury, formaldehyde, special proteins, special lipids that are known to be brain toxic, that are known to induce autoimmunity in the brain. They're not aware of that. They don't know that MSG is in a lot of vaccines—monosodium glutamate, a brain excitotoxin. They're not aware of what's in the vaccine they're giving!

—Russell Blaylock, MD

"Most physicians haven't got a clue about vaccines. Physicians are undeservedly endowed with a mantle of authority and therefore most of their patients think vaccines are simple, safe and effective. And therefore there is nothing much to know about vaccines except that they somehow illicit an immune response and magical antibodies will protect the inoculated patient for life. Total ignorance. But that's what 'The Snake' tells physicians starting in medical school; and, since medical school (and nursing school) professors are also undeservedly endowed with a mantle of authority, both of whose healthcare professional group believed it from the start. Until they get bit."

- Anonymous Anti-Over-Vaccination activist parent

"The vaccine manufacturers, the Center for Disease Control, the FDA, and the various medical associations have failed miserably in their duty to protect our children....As a full-time professional research scientist for 50 years, and as a researcher in the field of autism for 45 years, I have been shocked and chagrined by the medical establishment's ongoing efforts to trivialize the solid and compelling evidence that faulty vaccination policies are the root cause of the epidemic....Mercury, one of the most toxic substances known, is used as a preservative in many vaccines. Some infants have had 125 times the maximum allowable limit of mercury injected ... in one day, in vaccines."

— Dr. Bernard Rimland, Director, Autism Research Institute and editor of Autism Research Review International, issued in a statement on July 14, 2003: "The Autism Epidemic Is Real, And Excessive Vaccinations Are the Cause"

"The really sad thing is the amount of doctors I've spoken to who say to me, 'Del, I know that vaccines are causing autism, but I won't say it on camera because the pharmaceutical industry will destroy my career just like they did to Andy Wakefield.'"

— Del Bigtree, Producer of "Vaxxed: From Cover-up to Catastrophe"

He practiced holistic mental health care in Duluth for the last decade of his family practice career prior to his retirement in 2008, primarily helping psychiatric patients who had

become addicted to their cocktails of psychiatric drugs to safely go through the complex withdrawal process. His Duty to Warn columns often deals with various unappreciated health issues, including those caused by Big Pharma's over-drugging, Big Vaccine's over-vaccinating, Big Medicine's over-screening, over-diagnosing and over-treating agendas and Big Food's malnourishing food industry. Those four entities can combine to even more adversely affect the physical, mental, spiritual and economic health of the recipients of the medical treatments and the eaters of the tasty and ubiquitous "FrankenFoods" – particularly when they are consumed in combinations, doses and potencies that have never been tested for safety or long-term effectiveness.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”

Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —Dr. Mike Yeadon

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. -Dr. Emanuel Garcia

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless 24/7 fear campaign, was able to create a worldwide panic-laden "plandemic"; that this plandemic would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test - which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —Peter Koenig

Professor Chossudovsky exposes the truth that "there is no causal relationship between the virus and economic variables." In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. -David Skripac

A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. -Edward Curtin
