The COVID database is invalid.

First, the tests are not fit for purpose. Dr. Michael Yeadon describes the PCR tests as the "central operational deceit." (1) The CDC itself withdrew its support for these tests as of January 2022 . (2) Similarly, rapid antigen test data is invalid. The test insert states specifically under Intended Use Advisory that

"Positive results indicate the presence of viral antigens, but clinical correlation with patient history and other diagnostic information is necessary to determine infection status. [Positive results do not rule out bacterial infection or co-infection with other viruses. The agent detected may not be the definite cause of disease.](#)" (emphasis mine)

As for the WHO which is the fountainhead of the global plandemic, even this institution of corruption, funded in large part by the Bill and Melinda Gates Foundation, has admitted to the failings of the PCR tests. (3)

So the basis for determining the existence of "confirmed cases" is flawed on multiple levels.

The data for COVID mortality rates is also flawed and invalid.

The CDC changed coding to death certificates for COVID in March 2020, prior to the declared pandemic. CODING changes falsely elevate COVID as cause of death by a factor of about 17 times. How? So-called "COVID deaths" would have been deemed due to other causes using the long-standing, peer-reviewed system of data collection and reporting established in 2003. (4)

As Dr. Ionniditis noted years ago, distinctions are not being made between dying with COVID and dying of COVID. Additionally, there are financial incentives for hospitals to list COVID as cause of death. The CARES ACT, for example, adds a 20% premium for COVID-19 Medicare patients. (5)

On a personal note, I know from a reliable source two local fatal vehicle accidents where the clear cause of death was trauma, but the Death Certificates indicate COVID.

Read Prof Chossudovsky's new e-book, *The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity*. It is a fabricated plandemic. Effective, early treatment therapies (off-patent) exist but continue to be censored and prohibited, even as toxic COVID mandates and protocols are embraced.

In a sense it is a pandemic of the vaccinated since they are the ones suffering job morbidities and mortalities, they are the ones filling hospitals, and they are the ones suffering from impaired immunity thanks to the jabs. (6) All in response to a virus that, according to pre-eminent Doctor John Ionniditis, "was far less deadly than previously thought." (7)

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”
