Brutality, atrocity no end.

Horrendous indiscriminate firebombing of Gaza's southernmost city, Rafah.

We know Netanyahu does not move a finger without Washington's OK.

This was clearly proven by the benign counterattack on Iran – to “retaliate” against Iran's 14 April “checkmate” (Scott Ritter) retaliatory attack on Israel. Retaliating against Israel's blowing up Iran's Consulate in Damascus on 1 April and killing seven Iranians, including two military officers.

President Biden demanded Netanyahu not to risk a large-scale war, to be soft with his retaliation.

By contrast, Biden must have given Netanyahu green light to do away with Rafah, where currently more than a million Palestinians are stranded – bombed from the North of Gaza to the southern tip, Rafah, the locked gate to Egypt.

See this 12-second video. It shows the horror these people must go through. No idea how many will be killed. Its extermination of an entire people – mandated by the Zionists in charge of the US of A and all the puppets in Europe.

This is way beyond shame – beyond crime, beyond evil – this crime inflicted by Zionist-Israel green-lighted by Washington and its Brussels vassals must be brought to justice. This, and the more than 75 years of “ethnic cleansing”, indiscriminate, never punished killing of Palestinians in Gaza and the West Bank.

The Open Prison Zionist-Israel has created of Gaza in 2008, closing all borders and militarily occupying the narrow strip of land at that time of 2.3 million people – no access to media, no access to witnesses – murders, tortures, indescribable atrocities committed, a Holocaust in hiding, of which occasional evidence leaked out.

Then the well-planned – at least three years ahead – Hamas assault of 7 October 2023 on Israel – organized between Zionist-Israel, the US, and UK Secret Services. The attack is now blamed on Hamas. Let us be clear, Hamas is a creation, including funding, by Zionist-Israel.

The purpose, partly to be a “terrorist” (Israel and the West) counterweight to the legitimate Palestinian Authority, partly, to have at any time a legit cause for a “false flag” – exactly as the world witnessed on 7 October.

Israel’s Defense Forces (IDF) reported that in the first hours of the Hamas attack, 1,200 Israelis were killed and more than 200 taken hostage. There is no proof for either claim. Yet, it is repeated *ad nauseam* even by the non-mainstream media, as if it were the truth.

There are Israeli witness accounts that the IDF was shooting and killing Israeli youth, participating in the *Supernova Music Festival* in the Negev desert, about five kilometers from the Gaza border on 7 October. The blame for murdering innocent party-goers was put on Hamas.

This “final” assault on Rafah was announced for weeks by Netanyahu – but he needed to wait for approval of the Zionists commanding Washington.

What will happen to the survivors? Will Israel eventually open the gate to the Sinai Desert, where Egypt, in connivance with Netanyahu and possibly co-paid by Israel, has already built tent cities to accommodate at least some of the Palestinian refugees, never to return to their home land? How long and how many will survive, without adequate food and water, and sanitary facilities, health services?

It looks like the final straw of a well-planned extermination of the Palestinian people, to illegally appropriate their land, and the tremendous gas resources offshore of Gaza, conservatively estimated already more than 20 years ago at a trillion cubic feet. An updated assessment might be exponentially higher. But under the circumstances nobody talks or writes about it.

The illegal creation of Israel dates back at least to the **Balfour Declaration** of 1917 during WWI. At that time Palestine was part of the Ottoman Empire with a small Jewish population, living in peace together with the Palestinian majority.

The *Balfour Declaration* was contained in a letter dated 2 November 1917 from the United Kingdom’s Foreign Secretary Arthur Balfour to Lord Rothschild, leader of the British Jewish Community, for transmission to the Zionist Federation of Great Britain and Ireland

(Wikipedia).

This declaration served the British Government to propose to the United Nations in 1948, the creation of the State of Israel on the Palestine territory. This was illegal as Ottoman-occupied territories became free sovereign nations after WWI, including Palestine. The Mandate to the young, only 52-member strong United Nations in 1948 was illegal. See this [“Israel Is an Illegal State”](#). Dr. Ralph Wilde at the ICJ (videos of ICJ court sessions of 2h 42min and Dr. Wilde’s Plaidoyer 26 min – 29 February 2024).

How much longer will the world stand by – or worse encourage this horror show? Make no mistake, not about the people of the world, we are strictly talking about the so-called leaders (sic) of the Western world – most of them were never really democratically elected, but put in their positions with legislative trickery from a selection of the World Economic Forum’s (WEF) Academy for Young Global Leaders (YGL).

On more than one occasion, Klaus Schwab, the WEF’s CEO, boasted about being proud having been able to infiltrate YGLs in governments throughout the world. These so-called Western leaders, they appear to be non-humans, bred by the non-human WEF which is supported and funded by Big Capital, including BlackRock / Vanguard, plus an inter-mingled crop of top Wall Street Financiers.

How long will the West, especially the European people, stand by such unelected tyrants, like Ms. Von der Leyen, named President of the EU and the WEF appointed puppets, such as Emmanuel Macron, Olaf Scholz and Rishi Sunak?

The Rafah onslaught may be another nail in Zionist-Israel’s coffin, from which a free Palestine may emerge. May Palestinians return to their old-new sovereign Palestine homeland.
