*A forensic analysis by award-winning British journalist Richard Sanders and Al Jazeera’s Investigative Unit provides a detailed examination of the October 7, 2023 attack on Israel.*

The months’ long investigation found that many claims repeated by politicians and Western media, including mass rape and killings of babies, were false.

Richard Sanders is an award winning TV producer specialising in history and news and current affairs. He has made more than 50 films, mostly for Britain’s Channel 4 public broadcast television station. He has written for a number of publications including The Daily Telegraph and the Boston Globe and is also the author of two history books.
