More than one million Palestinians in Gaza – including children and women – are starving.

More than a million people in the Gaza Strip, around half of the enclave's population, are experiencing famine-like conditions, according to new estimates by food-insecurity experts who found evidence of widespread starvation and a sharp increase in child mortality in [the war-ravaged enclave](#). (Margherita Stancati, [Wall Street Journal](#), March 18, 2024)

In a month or two, we can see close to a million murdered Palestinians in Gaza – exterminated in death-camp Gaza by planned starvation.

All because Israel blocks the transport of aid into Gaza.

Hatred against this is building up all over the World.

How can anyone claim that Israel is not committing genocide?

How can anyone claim that the USA and the EU, who deliver the bombs and even decreased aid to UNWRA, are not complicit in Israel's crime of genocide?

And how can the world – including the Islamic world – sit and just watch?
