The War Is Widening Into Armageddon

Every provocation action the West said it would not do it has done.

The false denials have kept alive Putin's hope that the conflict can be restricted to Donbas.

But the attack on Russia's warning system has brought Putin closer to reality.

The situation is dire and all the Idiot West does is to provoke it further. It is of the greatest urgency that the Biden Regime stand down and immediately sit down with Putin and resolve the conflict.

Kennedy and Khrushchev resolved the Cuban Missile Crisis. Putin has made it clear that he wants to resolve the Ukraine matter that the West has pushed into crisis. Why doesn't Washington want to resolve a dangerous crisis?

Why is no-one but me asking this question?

Armageddon Is Closing In on Us

Foreign Minister Sergey Lavrov's [remarks at the 32nd Assembly](#) of the Council for Foreign and Defence Policy, Moscow, May 18, 2024

Lavrov's speech indicates that after 20 years of rebuffs the Russian government is gradually realizing that their "Western partners" are in fact determined enemies. Sooner or later Lavrov and Putin will comprehend that arrayed against Russia is Satanic Evil that cannot be negotiated with.

Putin and Lavrov have tried to deal with evil diplomatically. Even after the entire West cold-shouldered the Russian government's efforts during December 2021 and January 2022 to arrive at a mutual defense treaty, the Russian government still misunderstood its adversary and with the slow paced limited intervention in Ukraine carelessly conveyed to Washington the means to widen the conflict.

By all indications, the conflict is now wide open. If Putin fails to decisively win the war before Western Ukraine fills with NATO soldiers, Putin's options will be surrender or nuclear war.

The West Has Placed the Survival of the World in the Hands of Three Artificial States

All of the trouble in the world revolves around three artificial states: Ukraine, Taiwan, and Israel.

Ukraine was part of Russia for longer than the United States has existed. It was first created as an independent country in the early 1990s by Washington following the Soviet government's collapse and replacement of the Communist Party rule's with Yeltsin's, a puppet of Washington.

Ukraine is thus an artificial country merely 30 years old, having never previously existed as an independent country.

Taiwan is a small island off the China coast, a part of China inhabited by Chinese people. Washington tried to pretend that a small island was China and had Taiwan setting on the UN Security Council.

But President Nixon knew better. He supported the removal of Taiwan and its replacement with the Chinese mainland. Nixon originated the one-China policy that was US policy until the Biden Regime.

Israel was a creation of the stupid and corrupt British government, or perhaps more correctly of the fanatic Zionists who drove countless undefended Palestinians from their towns and villages. Generations of Palestinians have been born in refugee camps located in Jordan and Lebanon.

The genocide of Palestine as a people and a country has been ongoing since 1947, and nothing has been done about it. Israel has gotten away with it by using the Holocaust card to gain sympathy for its victim status and by paying Western politicians with campaign contributions to support its agenda.

Now consider the fact that these three totally artificial countries totally lacking in any reality are each capable of unleashing nuclear Armageddon. Ukraine can do it by continuing to use Western-supplied long range missiles to attack Russia's early warning system.

Taiwan can do it by accepting occupation by US soldiers and more shipments of US missiles.

Israel can do it by getting the bought-and-paid-for-Biden regime to OK Israel's attack on Iran.

The question I now propose to you is: If in fact the US is a superpower, and if the West as a whole constitutes a mega-super power, how it is possible for three artificial states to have

control of the West's future?
