What is happening in Gaza now is an example of longstanding Western military policy of murdering civilians.

October 7 was a largely manufactured pretext so the West and its allies/proxies could falsely proclaim righteousness, even as many of the casualties on October 7 were inflicted by the [IDF itself](#).

The West has a long history of creating atrocity stories to falsely claim victimization. Western-supported terrorists, as an example, use chemical weapons as [false flags](#), to falsely

blame the Assad government. Western-supported terrorists target and slaughter civilians as policy in Syria. The death squads (ISIS, al Qaeda and affiliates) are all fully supported by Western governments and their agencies. (1)

Currently the West and its proxies illegally occupy resource-rich (sovereign Syrian) territory. This was all by design, not by chance.

The goal, per Prof. Chossudovsky, is not necessarily to win wars militarily, but to destroy countries and their peoples and to open up new territories for exploitation. Vietnam, explains Chossudovsky, won the Vietnam War militarily, but the country was subjugated nonetheless. (2)

Apartheid Israel, right now, with full support from the West, is mass-slaughtering mostly civilians in Gaza and the West Bank. Israel is committing genocide, and that is the goal. It is conquest cloaked beneath lies of victimization and self-defence.

None of these wars are isolated. Per the [Project for a New American Century \(PNAC\)](#) policy, multiple wars are being waged simultaneously. They are part of a long war against us all.

Iran is next.

[The Globalization of War: America's "Long War" against Humanity](#)

Michel Chossudovsky

The "globalization of war" is a hegemonic project. Major military and covert intelligence operations are being undertaken simultaneously in the Middle East, Eastern Europe, sub-Saharan Africa, Central Asia and the Far East. The U.S. military agenda combines both major theater operations as well as covert actions geared towards destabilizing sovereign states.
