The US military school at West Point participates in Israel's genocide in Gaza.

This is done by West Point lying away Israel's genocide – and pretending to be “experts” claiming that Israel “protects” civilians.

Israel has done more to [prevent civilian casualties](#) in Gaza than any other army in the world, **chair of urban warfare studies at West Point, John Spencer** said in an extensive thread posted on x (formerly Twitter) on Tuesday. See [this](#).

One of the “measures” which West Point claims Israel has taken, is Israel's false alerts to warn Palestinians to go to “safe” places – places, which Israel then deliberately bombs once the Palestinian civilians have fled to those locations. The West Point is of course fully aware that their leader of urban combat education is lying on behalf of Israel – he knows that what Israel *really* does, is the exact opposite of protecting civilians – it is criminal deceit for targeting civilians, incl. children.

Also, the West Point military school in the US knows that Israel creates famine and hinders life-saving aid from going into Gaza.

The US, its government, and US military institutions like West Point are complicit in Israel's genocide.

The lies from West Point about the nature of Israel's genocide against the Palestinians is especially criminal, as it will undoubtedly be used as “evidence” to the International Court of Justice (ICJ) that Israel is “innocent” of genocide.
