[Big Tech’s Effort to Silence Truth-tellers: Global Research Online Referral Campaign](#)

“Who Owns the World” is the title of an extraordinary documentary, describing how Big-Big Money controls not only every aspect of your life, but has a stranglehold on every government, the political UN body, as well as every UN agency, and all industries and services of this globe.

These largest investors are BlackRock, Vanguard, and State Street.

These same investment groups also control over 90% of the world’s major media.

Even Rupert Murdoch’s media empire is majority owned by BlackRock / Vanguard. It is therefore no miracle that hardly any news penetrates the walls of secrecy about these major shareholders of every aspect of human life and life-related activities and businesses.

They control politicians, geopolitics and military deployments

It is a monopoly that can literally not be opposed by traditional means. They have also invented the “rules-based order” — overruling every international and national law at their will.

They know no limits, no ethics and adhere to no human or human rights standard. POWER is

them.

PRESIDENT OF UKRAINE

President discussed with the CEO of BlackRock the coordination of efforts to rebuild Ukraine

28 December 2022 - 10:54

President of Ukraine Volodymyr Zelenskyy held a video conference meeting with Larry Fink, CEO of one of the world's leading investment managers, BlackRock.

The two most powerful investors and investment managers are BlackRock and Vanguard. They are closely linked, to the point where their management is largely interchangeable. Vanguard is BlackRock's largest shareholder, meaning that they control BlackRock.

Though Vanguard is not transparent about its own shareholders, Vanguard is owned by the richest families on earth.

Vanguard has been created to hide their investments and money transactions.

Through non-profit organizations, like the Rockefeller Foundation, Gates Foundation, Rothschild Foundation, JPMorgan Foundation, Clinton Foundation, Bush Foundation, Albert DuPont Charity Trust and so on, billions of "donation" money is transferred tax-free to Vanguard, a shield for their potentially criminal transactions and funding.

The Bill and Melinda Gates Foundation is the largest funder of WHO. It also controls GAVI, the vaxx-alliance – and is therefore the most influential organization over human health and death.

These same people, alias Foundations, also own Blackrock – which is why BlackRock and Vanguard are interchangeable or can act as one, if it is to their advantage.

According to Bloomberg, by 2028, the two will own / manage some 20 trillion dollars – about a fifth of the world's current GDP.

If joined by State Street, as is often the case, the world's fourth largest investment manager, you may add another US\$ 3 to US\$ 4 trillion of managed assets. Sometimes they are joined by Berkshire Hathaway, Citi Bank, Bank of America, Chase & Co, Goldman Sachs... adding another few trillion of managed assets to their pie.

However, these second or third ranking financial institutions, in turn, are also owned by BlackRock and Vanguard. One might call it an omnipotent vicious circle from which it is almost impossible to escape.

See this one-hour Rumble-video for more details and network of ownership that literally rules the world:

With that power they can leverage every country in the world, every institution, and every corporation – as they are the largest shareholders of the industrial, military, service and infrastructure investment machine that makes the world turn.

Please allow just a little detour to Gaza, where the Zionist racist massacre of an entire population has been going on as today for 141 days.

Some 30,000 Palestinian have been killed; 70% children and women. Children and women are the prime targets, because children are the next generation and women are the bearer of the next generation – they must be eliminated by the supremacist Zionists.

The horror and inhumanity have no words, cannot be appropriately described with our human vocabulary: *bombs have liquidated an entire family.*

The mutilated body of a seven-year-old girl, Sidra, is hanging from a wall. Hind, a six-year-old girl, was mercilessly killed by Israeli armed forces, as she was begging for help from an ambulance, surrounded by the cadavers of her killed family. As illustrated by "Hildebrandt", a Peruvian, renowned non-mainstream news media (23 February 2024).

Tell me, please, are these all-powerful financial conglomerates not powerful enough to stop this massacre at once?

They hold entire nations hostage to do their bidding, but they cannot stop Israel, the Zionists behind the State of Israel, from their merciless atrocious killing, murder, massacre of an entire population?

Are they powerful enough to prevent the United States, their Anglo-Saxon and European puppet governments from halting their money, weapon, and “moral” support of the Zionist onslaught? Or is their power behind the US veto breaking the UN Security Council’s quest for a ceasefire in Gaza?

In any case, by not using their power to stop the Zionist war against Palestine, to stop any war, any killing in the world, are they not complicit in the mass murders in Gaza and around the world by not ending them?

They could. Why are they not doing it?

They are drunk with Power – and as we know, power and money have been derailing humanity for a long time, but now the extent of shame and barbarism has reached a level, where our civilization risks to disappear; and where there is no way to escape, not the traditional ways.

BlackRock / Vanguard are also major shareholders in the secondary and tertiary asset management and banking institutions. So, they control the managed investments of, say, Goldman Sachs, Bank of America, City, Chase, Morgan-Stanley – you name it.

If you invest, for example, in a food conglomerate, like Nestlé, Unilever, PepsiCo, most have no idea that they invest in BlackRock / Vanguard, major shareholders of these food corporations, and by doing so, they also invest in the worldwide military industrial (killing) complex which is too is controlled by BlackRock / Vanguard.

BlackRock / Vanguard / State Street are also the powers behind the power – most often invisible.

For example, BlackRock has close links with many Central Banks, especially with the Federal Reserve. They lend money to the FED – and are a principal adviser to the FED and most likely to other central banks, including they advise on computer systems they use and which connects them.

BlackRock, is by far the largest *influencer and donor*, or “partner”, as they prefer to call themselves, therefore, also “commander”, of the World Economic Forum (WEF), the entire UN system, its political arm, as well as its sub-agencies and by proxy, also the World Health Organization (WHO), and not to forget GAVI, the Vaccination Association, physically located just next door to WHO – and by further extension, Big-Pharma, the pharma industry.

Together with their faithful think-alike executer of WEF’s mandates, Mr. Klaus Schwab, as well as the multibillionaires, such as the Gates’s, Rockefeller’s, Soros’s of this world, one can easily deduct, they – BlackRock and Co. – control our lives – health and death.

Through their world-domineering ownership of all that moves, shakes, and produces, they are globalists, eugenists and “green-agenda” eccentrics, pushing the climate change lie – come hell or high water. Costs in money and lives do not matter.

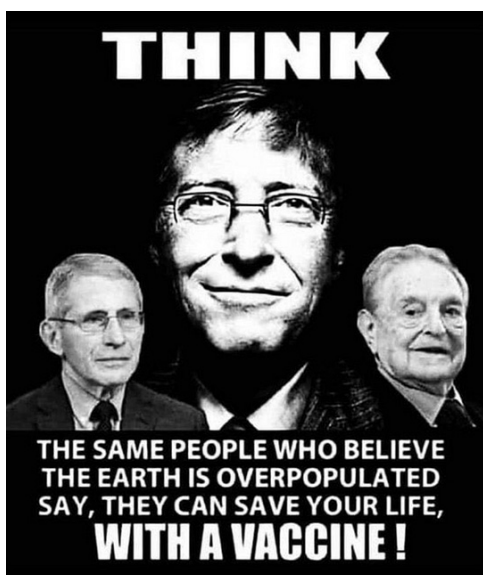

Were these financial monsters behind the covid-plandemic idea? What a question!

Their agenda – eugenist, destruction of current economic structures to rebuild according to this small elite’s criteria – is clearly spelled out by the Club of Rome’s (CoR) “Limits to Growth” (1972), and the follow-on Report “The First Global Revolution” (1991) which claims early on in its text that annihilation of the current system is a MUST, to rebuild, bringing the fundamental changes in favor of the elite with eugenics and absolute control always in the fore.

Is the CoR at the service of the global financial empire? After all, the same powers are behind both.

Not by coincidence, the Rockefeller Group is the inventor of the Club of Rome, today comfortably seated, tax free and with full diplomatic immunity, in Switzerland.

The fake Covid plandemic is the first building block for this all-destructive mechanism, the “cornerstone” of destruction, so to speak.

The lockdowns, the inhuman, totally invalid PCR tests, the fear-mongering – the invented covid-death rates – were very effective in manipulating people, but also in laying the groundwork for the overall annihilation of our society and even civilization, in shifting assets from the bottom to the top and in abolishing the world economy that carries our civilization.

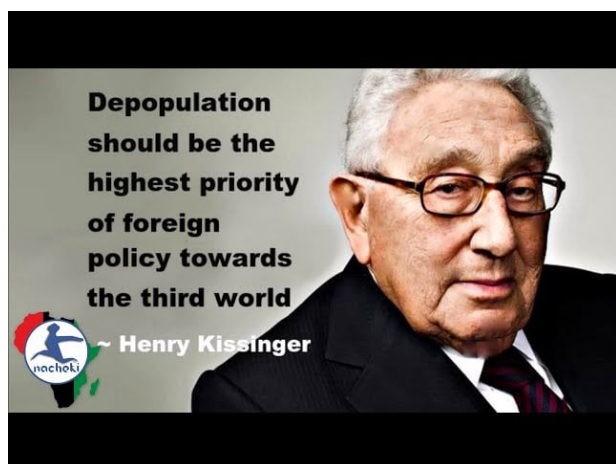

Once the people were shivering from fear, the deadly “vaxxes” were introduced.

Lo and behold, by now, despite ever-louder opposition – about 5.7 billion people – out of the world’s 8 billion (more than 70%) have received at least one jab and most got 2 or 3 injections.

These poisonous injections are in the human bodies and may most likely react sooner or later. According to Mike Yeadon, former VP and Chief scientist of Pfizer, over the next three to ten years, the death toll will increase probably drastically, but most people will not link it to the “vaxxes” — either because they have been indoctrinated that deaths are due to long or late covid, or because they suffer from and live in *cognitive dissonance*.

Big Money to own and control it all, must drastically reduce world population. This is

propagated by the WEF, and as of this day by the CoR (see [this](#)).

WEF's Chairman, Klaus Schwab's top advisor, Israeli Professor, Yuval Noah Harari, asks openly what to do with the "useless eaters" when their "raison d'être" has been replaced by Artificial Intelligence (AI). Giving them a base salary for (temporary) survival, getting them hooked on violent video games to prep them for the future, and to let them gradually "disappear"?

In addition to severe human injuries and death, the vaccines also reduce male and female fertility, cause miscarriages, highly aggressive and lethal turbo cancers, and if course, myocarditis and sudden deaths.

Overall excess mortality in the west is as high as 20% in some countries. In the UK, where excess deaths are alarming the common public, they have started modifying statistics to erase surplus mortality.

In parallel, mostly funded by the Soros Open Society Foundation, the Woke movement is ravaging the western world, with promotion of sex changes and the infamous "multi-letter" agenda — LGBTQIA+ = Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, and Asexual. WOW! This is promoted in schools, in some countries with strict bans of parents' interference in their children's, as young as 11 years, wishes for sex-change.

This agenda reduces birth rates further.

Endless wars create chaos, confusion, desperation and, of course, also deaths.

The Money Masters have succeeded in creating the first building blocks. WHO may soon become the most powerful health (life and death) tyranny on earth, if the infamous Pandemic Treaty and the harshly modified International Health Regulations (IHR) are approved at the upcoming World Health Assembly (WHA) in May 2024.

Knowing who is in possession and control of WHO and the WHA, the world is called upon to exit WHO.

Internationally renowned Dr. Peter McCullough testified in the European Parliament in Strasbourg about the social and economic consequences of covid vaccines, as well as the potentially impending WHO tyranny – concluding with a call on the EU and the US and the rest of the world to exit WHO. See [this](#).

To retake the world, by We the People, leaving BlackRock, Vanguard & Co. behind, exiting the UN system and WHO – would be the next step. Most important, and possibly the only way defeating this money power, is withdrawing from the current societal system and start afresh.

Small communal economies – as far away as possible from any digitization – with a dynamic cooperation among themselves, evolving naturally and on a higher spiritual level than the low vibrating one which is typical for our material world and the present strive for ever more material goods.

“Only when we are divided, can the elite retain its power over us.”

“The Wound is the Place, where the Light enters You.” — The great Sufi poet, *Rumi*

Their weapons are blackmail and fear.

WE MUST NOT FEAR.

We are the 99%.

We can do it.

And we MUST do it for survival of humanity.
